

Y3's Class News

Classwork

Year 3 have had a very busy week! In literacy we have been working towards writing our story with a familiar setting, which has led to us completing a 'big write' today. In numeracy, we have started to do some work on number bonds, the children really enjoyed making rhymes to help us remember these. As well as this on Tuesday we had a trip to church. We were all very impressed with the children's behaviour and it was even commented on by Mrs Gornell on how well they behaved. In topic this week, we began learning about the stoneage. The children found it really interesting and our looking forward to learning about this topic.

 Star of the week: Our star of the week is Daisy. She's made massive improvements with her reading, including reading at home. Well done, Mrs. Nixon and I are very proud!

Behaviour of the week: The person who has been best behaved this week is Riley! We were very impressed with Riley, although he sometimes needs reminders of the golden rules this week he has not reacted if somebody has done something to him but instead he has told a teacher. 

Next week:

Literacy: We will up level our literacy story and then begin to learn about the features of reports.

Maths: We will use our knowledge of number bonds to help us with addition, using the partitioning method.

Topic: We will be teaching each other about stoneage settlements and we may even get the chance to create our own!

Important date: This Thursday, 1st October, Year 3 will be going on our trip to Tatton Park as part of our topic of the Stoneage. This is the final reminder to send back consent forms please.

Reading: A reminder to children that they need to change their own reading books, they will have the opportunity to change their reading book every Monday, Wednesday and Friday during break and lunchtimes on these days.

PE kit: Just to remind parents PE takes place on a Monday and Friday, please ensure that children bring in their PE kit on these days.

Homework: A quick thank you for the standard of homework we have received so far, it seems a lot of time and effort has gone in to this and I really appreciate this. Our homework for this week is based around our topic of the stoneage, I have asked the children to complete a fact file on one of the stoneage houses, including an illustration or model.

Adult Helpers: We really appreciate the help that we have had so far with the lanterns but still have lots to do. If any parents are free on a Monday, Wednesday or Friday afternoon please let myself, Mrs Nixon or Mrs McGuire know please as this would be greatly appreciated.

Jam Jar Lids: To complete our lanterns successfully we also need tin lids for our candles to be stuck too. If you have any around the house if you could bring them in to school as soon as possible so we can complete the next stage of our lanterns we'd really appreciate it.

If you have any further questions please do not hesitate to contact me.
