

Friday 8th March

# Reception News

## This week.....

We celebrated World Book Day in style. The children looked amazing in their costumes - it was an incredibly hard task to pick the winners.

The children have talked about their mummies, done some writing about their mummies and made them something special.

We have read some more great alien stories and have started to look at some of our 'information' books about Space.

In maths, we have been ordering numbers and working on ordinal numbers.

## Next week.....

The children will take part in a sponsored trike event to raise funds for CAFOD.

We will be off to Meriton Park (weather permitting!)

In maths, we will do some work on doubling and halving.

We will continue to do some Space related activities. We will have a look at some Space poetry.

In phonics, our new digraphs for the week will be oi, ow and er.

In PE, we will be continuing with our dance based on our space.

## Important information

**Reports** - We will start to send these through gradually from next week.

**Cardboard tubes and egg boxes** - Please continue to send these in - hopefully we will have enough for rocket launch next week.

**Meriton Park** - If you are able to come with us next Tuesday, please let us know. We could do with some extra pairs of hands!

## This week's star awards go to.....

**Emily Roberts** - for trying really hard with her phonics.

**Harry Higgins** - for always being a sensible and friendly member of our class.
