

Friday 14<sup>th</sup> September

# Reception News

## This week.....

We have survived a whole week of full days! Many are tired and will need lots of sleep this weekend.

The children have been working on rhyming activities and have worked on the sounds s, a and t in Phonics.

We have practised counting up to 3 objects and matching the correct numeral to the set.

We have read the story 'Guess how much I love you' and talked about the people we love.

## Next week.....

We will be talking about families and drawing pictures to share with the class.

The next letters we will cover will be p, i and n.

We will start our guided reading sessions in class.

Through songs and games, we will continue to practise counting and identifying numerals.

The children will have the opportunity to spend some time getting to know their buddies.

## Important information

Please can you let us know (using the reading record book) when your child has read their reading book. We can then provide a new book accordingly.

We will be talking about families next week. If possible, please can you send a photo of some family members for the children to talk about.

## This week's star awards go to....

James O'Brien - for a super attitude to learning and behaviour

Leo Berry - for fantastic manners
