

Friday 24th November

Year 1 News

This week.....

We have lots of fun doing Science! Some teachers from All Hallows came to help us prepare for life on another planet. We got to make batteries out of fruit, create shelters out of different materials, launch rockets and try out parachutes.

In maths, we worked on lots of puzzles to practise our place value knowledge.

In Literacy, our work was based on Toy Story.

We started to look at split digraph a-e.

Next week.....

We will continue to use Toy Story as a stimulus for our Literacy work.

The children will continue to practise place value using numbers to 20.

In Phonics, we will be focussing on split digraphs -e-e/i-e/o-e and u-e.

In RE, the children will talk about Advent and think about their Advent promises.

There will be lots of Nativity practises.

Important information

Miss Kirkham - Miss Kirkham will be taking Year 1 during Mrs Grace's absence.

Nativity - Please can you send costumes in by Friday 1st December. Thank you for your support.

This week's awards go to....

Reo - for a fabulous Lost Toy story.

Taya - for being a kind, caring friend to everyone.
